

Would £20,000 To £30,000 A Month Make A Big Difference To YOUR Life?

*It certainly has for the people who
have discovered this little “secret”
work from home business*

It's a fact... many people in the UK earn much less than £30K a year let alone every month, so can you imagine what it must be like to make **a year's salary in just 30 days?** And then again every month thereafter?

Yes, I know it sounds outrageous and it really is “crazy” money but for those few people who have discovered the **SECRET** to making money like this, it's just “another day at the office.”

Now, when I say **SECRET**, I really mean it is a **SECRET**, or at least it was a closely guarded secret for many, many years. With so much money involved it's not surprising that everyone involved in this business wanted to keep it a **[secret]**.

In just a moment I'm going to **reveal this secret** to you and then I'll explain how **YOU** can get involved, but first...

Here's why you should read on and find out why this opportunity could **change your life forever...**

With at least £20K hitting your bank account every month you will never have to worry about money ever again.

You will be your own boss and not have to answer to anyone. Take holidays when you want and take time off when you feel like it.

You can choose to work the hours that best suit you and this is unlikely to ever be more than 2 hours a day.

Live in the house of your dreams instead of dreaming about your ideal house, and it could be anywhere in the world.

Buy and drive the car that only true financial success will allow. Top of the range and right out of the showroom.

If that's not enough, just think about all the great holidays you could have with your family, the expensive clothes you could wear and all those **little extra treats** you could have.

Of course you could also do a lot of good with **20K - 30K a month**. I personally feel honoured and privileged to be in a position to help those less fortunate than I am.

Okay... so what is this CRAZY little money-making secret I'm talking about?

Basically, it's selling **information**. More accurately, niche information products. Now these products are in-demand all over the world and there is never any REAL selling involved at all, as I'll now explain...

Information has always been the best-selling product of all time. People will pay handsomely to find out how to do things better, faster and easier.

The "How To" market has an insatiable appetite for products that tell or show them how to "do it", "make it" or fix it".

And it's because of this massive market that a few savvy "in the know" marketers have become **multi-millionaires**.

Okay, I'm not saying YOU will become a millionaire at this but it has been done my many, and many times over. I won't stick my neck on the line by making any wild claims about YOU becoming a multi-millionaire but hey... **£20K - £30K is not exactly a drop in the ocean... is it?**

Now the real secret is... knowing how to get hold of the best-selling information products and how to sell them yourself for a **BIG SLICE** of the action.

That's where the real money is...

That's how you get to bank five figures every month, live your dream and really enjoy life... like you deserve! And...

Anyone can do this...

You can do this...

It doesn't matter what age you are, what gender you are and whether you have experience or not...

Don't worry if you have never sold anything before because, what I have for you doesn't need any experience whatsoever. I'll tell you much more about that in just a minute...

What I need to tell you first though, is who I am? I'm **KJ Craig**. You've probably never heard of me because I'm one of those guys who works behind the scenes.

Basically, I provide the products that help to make others, like you... **tons of cash.**

And what are these products?

DVDs... information DVDs. That's right! Except these are no ordinary DVDs... these are **niche information DVDs**. The kind that people will gladly buy... which they do... every day!

Selling these products is like feeding time at the zoo... **people just go crazy for them.**

That's because they can't buy these exact same products in the shops or on Amazon or anywhere else.

They can only buy them from a specialist seller... like you... should you want to be.

Armed with these products, it's not unusual to see sales of £577.28... £694.32... £788.44 or even more... EVERY SINGLE DAY!

Information DVDs are making crazy money right now, and have been for the past 20 years.

There's absolutely no reason why they shouldn't still be generating **massive amounts of cash** in 10 or 20 years from now.

And there will always be very little competition because we only ever have a very **limited number of licenses available** at any one time.

So... how do you get a license to sell these crazy in-demand products?

SIMPLE! You get them from me...

I'm the broker who arranges deals for new products to be created, according to demand, and then I issue the licenses to people who want to sell them.

I'm now offering you an opportunity that only ever comes around once in a lifetime!

It's very unlikely you will ever have been offered anything like this before because there are very few publishers like me around.

When I was just starting out as an information publisher, I was **INVITED** to join this lucrative business and as far as I know that's the only way you can get in. **Now I'm inviting YOU!**

So, if making £20K - £30K a month appeals to you and you're prepared to put in around 2 - 3 hours a day doing a little admin work, then listen up...

There was a time when I was just starting out, looking for an opportunity to make some serious money without having to work every single waking hour. **Then one day, I finally found my opportunity and I got stuck in...**

I didn't know anything about starting a business back then but I was desperate to learn because **I wanted a better life** for myself and my family...

Surprisingly it was easier than I first thought and within just a few months things were really happening for me... **BIG TIME.**

I managed to pay off all my debts, clear my mortgage and buy a brand new car. My life is so very different now... **I will never have to worry about money ever again!**

I live the kind of life many people really do dream about. Yes, I have all the things I ever wanted in life and **so now it's your turn.** So, just like someone did for me, a few years ago... I want to offer you the same opportunity to turn your life around. **(This may NEVER happen to you ever again!)**

Only it won't be anywhere near as difficult for you as it was for me because I'm going to hand you **everything** you need in one **all-inclusive start-up package.**

That means, even if you don't know the first thing about selling or marketing it really doesn't matter... I'm going to give you all the help you will

ever need, simply because that will make it much easier for you to get started and **make money very quickly**.

Okay... let's just recap on what I'm actually offering you here...

You want to make a heck of a lot more money than you are earning now... YES?

You want to be your own boss and work only the hours that best suit you... YES?

You don't want to do any face to face selling or personally interact with your customers in any way... YES?

And you can manage to do a little routine admin work just to ensure you keep records of all your income and expenditure... YES?

And that's it... you don't have to actually send anything to anyone as all that will be done for you... and you don't have to keep any stock... and you don't need any staff... and you can work from home on a laptop.

How does all that sound?

Well, I did say I was going to make it easy for you!

Okay, now here's the deal...

As I mentioned earlier I'm now a very successful publisher of DVD information products, and this is how the whole process works...

Now, there are usually 3 or 4 DVDs in each product set, for which you need a reseller license and you can also **rebrand your DVD products**.

Rebranding is where you are really going to make these products your own.

Rebranding means you can change the name of the products, change the DVD cover images and change the DVD disc images. You can then put your own name or your business name on them because the license allows you to own them completely.

Best of all you can sell them for any amount you want...

Now a 3 DVD set typically sells for around at least £67 and the duplication costs to you per DVD set is around £5. **So, that's an incredible £62 minimum profit on each sale.**

It really doesn't take long to sell 10 sets a day... and that's for just one DVD set... imagine if you had 10 or 12!!!

Whoa! Okay, I'm getting ahead of myself here...

Suffice to say the profits from these product sales really are CRAZY!

But that's not all...

You remember I said I was going to give you everything you needed to get started regardless of your experience?

Okay... well hold on tight...

I've managed to secure a limited number of reseller licenses to some specially produced DVDs with **full duplication and rebranding rights.**

And today I'm personally inviting YOU to get YOUR name on them...

Each DVD subject is based on either health or lifestyle.... and these are some of the most sought-after DVDs in the market as any Google search will confirm. *(Around 1 million searches per month. Source: siegemia.com).*

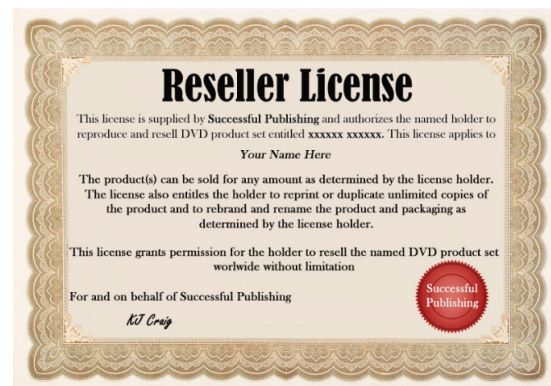

You just cannot buy a single license to any products like these anywhere... and in any case, you have to be an **established publisher** to buy them.

These reseller licenses come with a full set of **Master DVDs**, which you will own.

You will have full rights to rebrand them and sell them for any amount you wish.

There will always be a demand for these DVDs and the market is huge.

Here's what's on offer...

A complete 'step-by-step' business start-up package for one very low all-inclusive price...

The cost of a reseller license per set of DVDs is just £197.00 per month. (Sets may consist of 2-4 master DVDs).

Your first set will consist of 3 master DVDs based on a very popular lifestyle subject

***** Then each month thereafter, and for as long as you remain a fully paid up member, I will send you another set of master DVDs, plus reseller licence and I'll add another new FREE WEBSITE to help you promote your products.**

Some of these sets can sell for between £47 and £69, so it doesn't take long to rack up **HUGE profits**.

TYPICAL ESTIMATE

(Based on average daily sales for one DVD product set £47 less fulfilment costs)

YOU SELL 10 DVD SETS IN A DAY PROFIT £395.00
