It's All Change At Birkin Lashes

Ladies, cherished loyal customers, past, present and future.

Firstly, I would like to thank you all for your valued and very much appreciated custom over the years, and I sincerely hope you have all been completely satisfied with the service you have received.

As you know, I am absolutely passionate about the work I do and I continuously strive for perfection. My work is an art that has been precisely honed over time, ensuring you can completely trust and rely on my expertise.

I always try to exceed my customer's expectations and it's so rewarding when I see their reaction to their new lashes.

Now, don't worry...

I'm not retiring or closing my business, I'm just making some changes to my availability.

The reason being, I will be following my heart and moving to Monaco with my other half. My intention is to keep improving my skills and to gain more experience, which I can then pass on to you.

I guess you could say it will be a labour of love. What it really means is I will be able to provide you with a superior, high class service to rival that of any world-renowned lash artist.

What's changed?

From November this year, I will only be working over a period of 10 days a month. I know some of you may be disappointed but it doesn't mean I won't be around to ensure you stay looking as stunning as you do now.

It does mean however, that it would be best to book your next session early and well in advance.

Availability

I will be available from November 6th to November 18th and from December 8th To December 18th. I will keep you all informed about further available dates.

I am expecting a lot of advance bookings so please ensure you choose the best date for you because rescheduling within such a tight timeframe will be very difficult.

Also, I would like to draw your attention to the price list. It applies to both existing customers and new customers. Please ensure you are happy to proceed before placing your booking.

I will of course have cancellations from time to time so if you would like to be placed on my priority list, please do let me know.

Check your diary now and message me to book your next session.

Love you all,

Ana
