When Mary Novaks won a staggering **\$1,420,223 jackpot** playing online slots at the **Grand Mondial Casino**, she uncontrollably broke down into floods of tears. It wasn't because of the shock of instantly winning so much life-changing money, the reason for her sudden outburst of grief was much more personal. Less than 2 weeks ago Mary's mother passed away while awaiting an operation for a condition known as *Chordoma*, which is a rare form of bone cancer.

She had been on the hospital's wait list for almost 2 months but she could have had the essential life-saving surgery at a private hospital in Germany within days of being diagnosed, if they could have afforded the \$25,000 fee.

After her mother's death, Mary was catching up on reading through all the sympathy messages from friends and relatives on her Facebook account, when she came across an ad for the online **Grand Mondial Casino**.

She said, "I really don't know what made me click on the link as I've never gambled before in my life. She added, "Suddenly I was on the casino website and so I decided to go ahead and open a free account. I deposited \$10 and immediately got a welcome bonus of 150 chances to win on the slots. I was more than willing to deposit more cash so that I could get the 100% matched bonus too but I decided to wait until I used up all the free spins. I then began playing on the featured slot when suddenly, I realized I had won this incredible jackpot. I thought to myself, if only I had done this a few weeks earlier."

The 24 year old office worker insisted, "I loved my mother dearly and I would have done absolutely anything in the world to help her." She added, "Now I have all this money and it's too late to help her. Money can't buy my happiness but at least it can help take away the pain for others." Mary hasn't let her personal loss and sadness cloud her judgement and says although it is too late to help her mother, the money will be put to very good use.

Her first priority however, is to have a "significantly beautiful" marble headstone created in memory of her mother. She has also vowed to donate a "considerable sum" to various charities and to help her younger brother start his own garden maintenance business. Her parents split up when she was 12 so she hasn't seen her father since then. She also told us she hadn't made her mind up yet whether to stay at her day job or do something, "completely different."

Mary's phenomenal win is not unusual. It appears almost Canadian 200 players have won substantial jackpots on the **Grand Mondial Casino** slots in less than a month, and the company is reported to have paid out well in excess of \$6,500,000 during that time. Michael Proctor, a 22 year old supermarket assistant and previous jackpot winner landed a massive **\$1,884,320** on only his second go.

David Tulley, a 36 year old motorcycle mechanic won a cool **\$98,734** on his very last go of the session. The online casino's current welcome offer includes 150 chances to win the jackpot on their featured progressive slot game. Mary won her fortune on the Mega Moolah game and banked her winnings after completing the wagering requirements.

We have since learned that this particular 150 chances welcome offer from the **Grand Mondial Casino** is about to expire by the end of today, so anyone who might be feeling a bit lucky is advised to open an account without delay. It takes only a few minutes to open a free account and the process is very simple. However, to qualify for the welcome offer you must fund your account with a minimum \$10 deposit. You must also be 18 years of age or over to qualify for this limited time offer.
