## Flooring Services, Sectors & Solutions In London

[Services Page Content]

We provide a wide range of high-quality flooring services to the construction industry, business and commercial sectors, and all residential clients throughout the London areas.

Although we are a small company we pride ourselves on our expertise and dedication. We are small enough to care and certainly big enough to deliver on our promises and your expectations.

The works we typically carry out include:

- Safety flooring
- Slip resistant flooring
- Rubber sheet and tiles
- Epoxy resin painted floors
- Vinyl sheet and tiles
- Linoleum sheet & tiles
- Glue down carpet sheet & tiles
- Luxury vinyl tiles (LVT)
- Stairs and communal stair nosings
- Damp proofing membranes

And the services we offer include:

- Complete supply and fit flooring
- A fit only service
- Floor repairs & maintenance
- Slab/latex moisture measurement
- Reactive maintenance

### **Safety Flooring**

We provide a wide range of HSE compliant and safe, anti-slip flooring, using only leading brand products. Safety flooring can be installed to kitchens, schools and colleges, care homes, hospitals and sports and recreational facilities. Finished surfaces are hard-wearing, impact resistant, low maintenance and very easy to clean. Safety flooring is designed for hygiene and has anti-bacterial properties, making it ideal for areas where cleanliness is essential.

Slip resistant flooring is the only choice for areas such as bathrooms and washrooms, wet-rooms, changing rooms, dental and doctor's surgeries, kitchens and bar areas. We can offer a wide range of options from non-slip tiles to vinyl and in a vast choice of colours and patterns. Safety and slip resistant flooring provides a safe environment, ensuring all your staff, customers, patients and visitors can walk without risk of injury. [Contact](#) us to learn more.

### **New-Build Flooring**

We can provide high specification flooring options for all new-builds large and small. From residential properties to commercial, leisure and healthcare buildings, we have the ability and experience to deliver on time and on budget. Newly constructed buildings with multi-functional areas, such as kitchens, offices and gyms can all be catered for, with the most suitable flooring options available.

Stairs and communal stair nosings are also areas, in which we specialise. [Contact](#) us for a free, no obligation quote or to discuss your specific new-build requirements.

### **Educational Institution Flooring**

Our high-quality flooring services are available for schools, colleges, university campuses, academies, training centres and children's nurseries. Wherever a quality floor surface is required, we are fully skilled and experienced in providing the best possible solution for your place of learning. Floors that are likely to endure a high level of traffic require a durable and safe surface without compromising on looks and style. Our flooring services meet all the high standards you might expect and demand from a surface that will endure a high flow of foot traffic.

Our superior flooring services for educational organisations are designed to meet your budget and are cost-effective to maintain. However, we won't cut corners when it comes to quality and safety, ensuring exceptional value for money. We can take care of all your requirements from teaching and training areas to corridors and receptions, staff rooms, changing rooms, kitchens and stairwells. [Contact](#) us today and request a free quotation.

### **Leisure & Retail Flooring**

We can strip out any existing flooring and lay a completely new floor or simply lay a new floor to a new building. Either way, the quality and workmanship will be exceptional. High traffic areas require a hard-wearing surface that is not only practical but also looks good and is easy to maintain. Retail floor space is valuable. Customers expect and appreciate a floor that is non-slip, perfectly level and pleasing to the eye. We can take care of all your flooring requirements, enhancing your retail space by creating a safe and pleasant environment.

You can choose from several floor options for both retail and leisure flooring, with several colour themes and styles. From small shops to supermarkets to gyms and dance floors and fitness centres, we have the experience and skills to provide the perfect floor for any leisure or retail premises. We can also install a new floor with the minimum of disruption to any business. [Contact](#) us today for details and options.

## Health & Care Home Flooring

Health and safety are very important issues for all of us. However, within a healthcare environment, such as a hospital, clinic or care home, it's absolutely essential. We fully understand the issues relating to healthcare and safety and that's why we work to such a high standard. Flooring within healthcare buildings has to be durable, non-slip, easy to maintain and with minimum risk of contamination. Where hygiene is paramount, we use only the most modern anti-bacterial flooring materials to lessen the build-up of bacterial growth and to minimise the risk of infection.

Stringent attention to health and hygiene doesn't mean you can't provide a friendly and pleasing environment. We can provide a comprehensive range of floor surfaces to meet all your demands together with your patient's expectations. We are experienced in providing flooring services for nursing homes and GP practices, clinics, medical centres and care homes. Why not [contact](#) us today and request a free, no obligation quotation.

## Office Flooring

Office flooring, conference centres, boardrooms and break-out areas are all within the scope of specialist flooring services. Durability, comfort and a pleasant environment come as standard with our floor installations. We also ensure the floor surface of your choice is easy to maintain in the event of spillage. Choose from a selection of vinyl and carpet tiles, with colour co-ordination or a contrast to surrounding décor, ensuring a pleasant working environment for employees and delegates.

Office flooring can be installed with the minimum of fuss and at times, which are most convenient, minimising any possible disruption. Offices with multi-functional areas such as kitchens, washrooms and training areas can all be addressed with suitable floor surfaces as required. You can trust our professional, highly skilled flooring contractors to create the perfect, warm and welcoming office environment. [Contact](#) us today for a full list of floor options.

## Hotel & Hospitality Flooring

Hotels are generally very busy establishments and therefore the floors will need to withstand a high volume of foot traffic. We can install exceptionally hard-wearing floor surfaces to ensure the comfort and safety of all your guests over a very long period of time. Typically, the types of flooring we install to hotels and hospitality centres is impervious to spillage and is very easy to maintain. Our highly skilled installers are fully qualified to work on complex projects, such as hotels, and we will plan our work to minimise any disruption to the daily running of the business.

In areas where large numbers of people are expected to walk, a pleasant and welcoming environment is essential in maintaining the ambience and the reputation of the business. We can therefore offer a variety of bespoke flooring solutions, which are most suited for your hotel or guest house. Our quality flooring services are also available for restaurants and restaurant kitchen areas, where a specific type of surface is required. To learn more about the most suitable options available for all

types of hotels, restaurants, guest houses and other hospitality venues, simply [contact](#) us today.

### **Wet-room Flooring**

Wet rooms need a special type of floor, which we can install efficiently and effectively. We use resin flooring to create a seamless, fully waterproof floor surface, which is also hard-wearing and non-slip. We can install wet-room flooring surfaces to communal shower areas, swimming pool surrounds and also within residential properties. Any areas that are continually wet or frequently used for bathing or swimming are suitable for wet-room floor installations by our experienced team of qualified specialists.

We are able to provide options in terms of floor colouring and textured surfaces and all work is fully guaranteed. As always, we will work to install your wet-floor surface with the minimum of disruption. Why not [contact](#) us and ask about our wet-floor solutions. We can provide no obligation quotations on request.

### **Flooring Repairs & Refurbishment**

Most floors will at some time need a little TLC. We are fully experienced in providing a very high class repair service to virtually any type of floor surface. We can repair scratches, cracks and chips to an exceptionally high standard using a variety of proprietary materials. Our cosmetic repair service can quite often restore a surface to its original condition. We undertake repair and refurbishment work to a variety of floors including sports halls, church halls, dance studios and schools.

All work is fully guaranteed and carried out quickly to minimise any disruption. Why not [contact](#) us today to learn more about our extensive floor repair services.

### **Residential Flooring**

We welcome enquiries from architects and designers who are looking to ensure residential flooring installations to the highest specification. Also, from housing associations and social housing developments.

We fully appreciate that the floor in your home is very important to you and therefore you can rely on us to install a floor that we would be proud of in our own homes. We offer a range of flooring types to suit any situation and budget. We can provide all the materials, such as vinyl tiles or linoleum or you can provide these and we will professionally fit them for you. [Contact](#) us for free site survey, consultation and no-obligation quotation.
