Discover the convenience and cost effectiveness of artificial grass.

Perfect for busy people who want a lovely green lawn every day of the year but without all the hassle of mowing, watering, weeding and feeding.

Consider the benefits...

Artificial grass is hard wearing and looks so natural it's virtually impossible to tell it's not real.

- Safe for children and pets
- No mowing... no watering... no feeding.
- No weeds and no muddy patches
- Save on time and money
- Looks great at any time of year
- Virtually maintenance free... can simply be brushed clean

Artificial grass is laid just the same way as natural turf. We ensure the surface is properly prepared so that it's flat or graded according the contours of your garden.

The result is a lush green beautiful lawn that you can be proud of. Go on... make the neighbours jealous!
