

# How To Make A Real KILLING With The Latest, Unique Pest Control Technology...

**Profits just waiting to be plundered!**

Pest control methods have recently evolved, driven by an overwhelming **demand by eco-friendly customers**... for eco-friendly solutions.

It seems everyone is getting the message about the environment, which is great... but for some pest controllers it could spell the end.

However, stay ahead of the game, and this change in thinking could become nothing more than the end of an era... **not the end of your business.**

## Innovation Is Generating Millions Of New Pest Control Product Sales

Innovation is key to dramatically increasing your customer base and **making many more sales**, simply because the demand is there.

People hate the thought of bugs invading their homes and they're also very uptight about vermin, foxes and cats destroying their gardens.

But as much as they want to get rid of these pests, many people don't want to be responsible for their **DEATHS!**

The days of setting rat and mouse traps with poison have long gone along with gassing, fumigating and spraying. All considered harmful to the environment and to innocent wildlife.

What your customers want now is an **efficient solution to pest and bug control without all the nasty chemicals.** They want a clear conscience but they also want to see immediate results.

**Do you have the solution?**

You do now!

## The New Plug-in, Ultrasonic Pest Repeller Is Leading The Way

**Home Guard** By Advanced Pest Control

*The Reputable Brand You Can Trust !*

The **Homeguard Pro 5 in 1, Plug-In Ultrasonic Pest Repeller** is the only effective answer to all your customer's bug and insect problems.

It has been developed especially for the control of flying, stinging and biting insects around the home, the office and just about anywhere that bugs can get in and cause a nuisance.

The Homeguard Pest Repeller will keep all types of insects at bay including crawling insects like ants and spiders, cockroaches and beetles, bed bugs and lice.

It will also keep away rodents too, making it **one of the most versatile indoor pest control products on the market today.**

And it's only available from [www.pestmanagement.com](http://www.pestmanagement.com)

**Your customers will love it and you'll make easy repeat sales as word soon spreads around the local communities.**

Our recent marketing test results have proved that the **Homeguard Pro 5 in 1, Plug-In Ultrasonic Pest Repeller** [is a UK No.1 best seller.](#)

**A readymade and eager market now awaits you!**

## **Potential To Generate Massive Profits With The Solar Ultrasonic Outdoor PX8 PRO Animal Repeller**

The **Solar Ultrasonic Outdoor PX8 PRO Animal Repeller** is exactly what everyone needs to keep their homes free from all types of insects and rodents but more importantly... **it's completely safe to the environment... and children and pets.**

Being eco-friendly is the reason it is currently **selling so well.** You simply plug it in and forget about it. It works 24/7 using **highly effective ultrasound technology.**

As soon as people are made aware of it and its versatile functionality and benefits... they will buy it... **and the market is huge.**

We couldn't possibly reach even a tiny portion of the potential market with more than 28 million households in the UK, millions of business premises, thousands of hospitals and clinics, not to mention residential homes and thousands of other enclosed public and leisure spaces.

When you think about how just one wasp in a cake shop can cause so much fuss... or one fly in a restaurant...

It's not difficult to see why the **Solar Ultrasonic Outdoor PX8 PRO Animal Repeller** is [out-performing all other pest control methods](#).

It's only available from [www.pestmanagement.com](http://www.pestmanagement.com)

## Here's How To Double Your Sales And Your Profits Instantly!

So you get a call from a customer who needs to rid her house of cockroaches or wasps. You go round and plug in the **Solar Ultrasonic Outdoor PX8 PRO Animal Repeller** ... job done!

But wait!.. The neighbour's cat is digging up her bedding plants and doing his toilet in her garden... what do you do?

Forget about powders, pellets and sprays and any other "hit and miss" deterrent. Simply offer her the only effective, tried, tested and proven solution.

## Solar Ultrasonic Outdoor Home Guard Pest Repeller

This device works by sending out a series of ultra-high frequency sound waves. The waves are pulsed at three different oscillating Ultra-Sonic Frequencies to ensure all types of animals including **cats, dogs, foxes, deer, rabbits, squirrels, rats and mice** all get the message, loud and clear.

This device is solar powered so there's **no need for any type of complicated installation**. You just push it into the ground and switch it on.

The **Solar Ultrasonic Outdoor PX8 PRO Animal Repeller** is the perfect companion to the **Homeguard Pro 5 in 1, Plug-In Ultrasonic Pest Repeller**.

Now you can offer your customers full protection from bugs and flying insects inside any property and from all types of furry pests outside too.

You now have a **dynamic duo of pest repellent and pest control solutions** that your customers will love. They are both clean and perfectly safe to the environment, to pets and to children.

**It's a pest controller's dream come true!**

## **Grab A Slice Of This RED HOT, Eager Market Right Now While The Demand Is On The Increase**

Innovation and technology is driving the market in pest control methods and the market is **hungry for these products**. This is your opportunity to **CASH IN** on the very latest pest control devices available and make a real killing.

**You are faced with a simple supply and demand situation, where you are the supplier... and it doesn't get any easier than that!**

Our marketing tests have proved that the demand is there, so all you have to do is make your customers aware.

**These products virtually sell themselves.**

Once you have installed the devices in and around your customer's properties, you can also offer an **annual inspection service** where you simply clean the devices and replace the rechargeable batteries.

**You can develop a customer base for life!**

Bringing in a **regular income stream** for the small pest control specialist, and a useful **boost in profits** for the pest control company.
