

Have YOU Got What It Takes To Make £3,000 - £4,000 A Month Tax Free?

And that's just for starters!

Watch the video below to discover how easy it is to make money...

[\(Link to 3-minute video\)](#)

A few years ago, I discovered something very important about myself that changed my life forever.

I learned the true value of patience, perseverance and determination.

Do you have these qualities? If you do, then you too could have what it takes to make at least £1,000 a week and much more, within the next 2-3 months.

You could then go on to make a 5, 6 or even **7-figure income** over the coming months and years and begin to live the life you really and truly deserve.

([Click here](#) to see how the numbers stack up).

And you would never have to ‘work’ one single day to make all this happen.

I’m **Andy Ireland**, and with my **AITS system**, I’ve achieved the kind of financial freedom many people say they really want but sadly might never get.

[You can learn more about me here: [link to video](#)]

That’s because they are content to dream about making **serious money** but not willing to **take action** and make it happen.

By taking positive action I’ve been able to provide all the luxuries and comforts that myself and my family could ever want or need.

How did I do it?

I became a very successful **Forex Trader**.

Now before you begin thinking that you’ve heard it all before, let me tell you why I’ve been exceptionally successful at what I do.

It's not just because I've spent so many years studying the markets and learning about Forex trading, although that was essential at first.

It's mainly because of a unique bit of software that I specifically developed, which gives me a real edge over most other traders.

If you haven't already watched the video, then go and watch it now and you'll see me in action. (Link to 3-minute [video](#))

My unique AITS System has been simply designed to ensure YOU make money

I make money with it every day... **£2,510 one day... £3,240 the next day... £1,770 the next day.**

I worked on developing this software so that I could make it work exactly as I wanted it to, tweaking it here and there to maximise its full potential.

Now it works perfectly, helping me to cream off cash from the Forex markets virtually every single day.

£2,866 in a few hours... **£1,984** a few hours later and **£3,644** the next day. The money just keeps rolling in.

Wouldn't you like to get your hands on this digital cash generator?

Well, you can... and I'm going to explain exactly how you can make the **AITS system** work for you just as it works for me. But first...

Do you ever imagine not having to go to work... or living in a luxury house... perhaps driving a beautiful new car and taking numerous holidays in the sun?

Millions of people have the very same dreams but very few will ever actually take the first steps to making them a reality... **will you?**

Today, I'm looking for a few dedicated people, who are hungry to make real money, in the long-term, **for very little effort.**

I'll teach you how to use my AITS trading programme, so that you too can become **completely and totally financially free.**

All I ask is that you possess a little patience, dedication and persistence because if you can invest a mere 12 months in your own future... you **WILL** have the skills and ability to make money for the rest of your life.

No experience of Forex or some experience of Forex trading?

Now, it doesn't matter whether you have never traded on the Forex markets before, whether you are a seasoned trader or whether you are a disillusioned trader still struggling to figure it all out.

As long as you have the discipline and determination to stick with the course... you will **NEVER** regret you took this one-time opportunity.

I guarantee... this WILL change your life forever!

Some of my students have gone from complete zero to earning 2, 4 and even 6 grand in just their first month of live trading. That's how powerful my **AITS system** is.

[Put a testimonial here]

Now, my course is not just about how to use the software, it's also about everything else you need to know, and that really is just as important.

It's important because this is a **Financial Trading Masterclass** course that's specifically deigned to get you into the big money league.

It deserves to be studied and fully understood.

What it's **NOT** is some ridiculous, crazy get-rich-quick scheme.

Guys, I'm not promising you'll be a millionaire by this time next month.

And it's **NOT** some dodgy sports betting programme that promises much and delivers very little. I'm talking seriously big bucks.... Not £14 here and there or £23 now and again.

And it's not for the faint-hearted either.

If you're in any way uncomfortable about watching your investment grow at an alarming rate, right in front of your eyes, then best stop reading right now.

Make no mistake! I'm not going to mince words here...

My ***AIMS system*** is a full-on, kick ass, no-holds barred, fill your pockets with as much as you want, non-stop cash generator.

Are you in?

Okay, here's how it works...

Firstly, I developed my training programme **over 5 long years**. And I use the exact same methods myself, as I now teach many other people.

Because I've been trading for so long, I've already made all the mistakes, fallen in all the pits and survived to tell the tale.

You won't have to take the risks that I did to achieve the results I get now. I've already made all the sacrifices so you don't have to.

What's more, you'll be getting my full one-on-one attention and I'll personally guide you through the minefield, teach you all that I know and lead you to the riches that you truly deserve.

Getting excited? I hope so because it gets even better...

I've created a series of training videos, which will show you clearly how to trade successfully step-by-step.

I leave absolutely nothing out.

I'll help and guide you every step of the way, ensuring you never get left behind

I even hold webinars twice a week so you can raise any issues with me personally. If there's something you don't understand... you only have to ask and I'll explain it to you in detail.

Helping you is no problem. In fact I love helping people to make money... it's my true purpose.

You can see from my [video](#) that I'm just an ordinary guy who has made an extraordinary living from Forex... now let me show you how you can too.

Can you do this?

Can you watch a software program on your computer, tablet or smartphone? Are you able to spot a series of red lights and green lights?

Great! You're on your way to making your first profit.

The first of many over the next 12 months and beyond... and for as long as you want to make money.

What I will teach you is a **skill for life**. Once you learn it you will always be able to make money from Forex trading... at will.

Now, just consider this...

What will you be doing this time next year?

Chances are you'll be doing exactly what you're doing right now and getting paid almost the same meagre salary or wage.

Your life will simply be an existence... just getting by... worrying about money... just managing to pay the mortgage and other bills.

Is that really how you want to go on living?

I'm sure it's not ...otherwise you wouldn't be reading this right now.

Look... guys... I don't know how else to say this except, **join me and I'll show you a much better way.**

A way to make so much money you'll never have to worry about it ever again.

I've helped thousands of people just like you, who have now turned their lives completely around.

And I have many **hundreds of testimonials** from very happy students to prove it.

Here's just a handful selected at random...

Truth is... It's not really as straight-forward as that as I'm sure you're aware.

It's been reported that around 90% of Forex traders never make any money in the long term and this is most often down to their discipline.

Some may call it a mind-set, which it is once you fully realise WHY you must not let your emotions get the better of you.

You know the saying, “a fool and his money...”

That’s why it’s important for you to stay the course and learn how to trade like a real pro.

It took me a while to get it but as soon as I did... I never looked back.

You’ll be the same.

Join me today and twelve months from now you’ll be telling me this was the best decision you ever made and how it has changed your life beyond all recognition... **just like many others before you.**

FAQs

Q. I've never even looked at trading charts before and it looks complicated. Is it easy?

A. When you enter the site there are video and written explanations, with step by step illustrations, to show you how easy it is to get started. Over 2,000 people have been on the course and only 4 stated they found the written explanations and videos too difficult. If you can use a smartphone you can use this too.

Q. You say the lights are red and green but I'm colour-blind. How can I use the software?

A. *The templates are originally red and green. However, we have a video devoted to this issue and how you can change the colours to suit yourself.*

Q. *What if I decide I don't want to carry on after I have subscribed to the course?*

A. *If you decide the course isn't for you, just email us, giving 14 days' notice, and your subscription will be cancelled. No more money will be taken from your account and the coursework you have downloaded, you can keep.*

Q. *What if I still get stuck, despite all of the videos and examples?*

A. *We hold twice-weekly webinars where you can ask me questions and a support centre where you can post questions we will answer.*

Q. *I've read that those who sell courses don't really trade. How do I know you are not the same?*

A. *We have numerous recordings of me placing real live trades, dated and audited. Feel free to view them.*

Q. *If you make so much from trading why create a course, when you could be spending your time elsewhere?*

A. *Well, I will let you into a little secret.....I get bored. I suppose as I get older I also have adopted an attitude of wanting to set a legacy. Because I started teaching courses AFTER my success, when I was asked to show others how to trade, I had already had a great lifestyle with plenty of free time. My Porsche and houses were bought way before I asked you to join me, and from the proceeds of my trading success!*

Q. *If you make so much and you genuinely want to help others, why charge a fee?*

A. *If I gave this away for free then people wouldn't see the value in it and wouldn't see it through. So we put a price tag on there that separates those that will commit to success from the dreamers.*

Q. *What if I don't make money, how do I get it back as per the guarantee?*

A. *You just need to send in the details of the trades you have placed throughout the course. They are recorded on your platform so they will be checked and any money owed as per the guarantee will be refunded.*

Like I said, sign up today and discover a whole new and easy way to make serious money...

I look forward to meeting you on the inside.
