Dear xxxxxxxxxxxxxxx

Now that you have submitted your planning application, which I'm sure will be successful, it's time to start thinking about your brand new kitchen. It's never too early to begin planning your perfect kitchen because there are so many different aspects to consider.

### What style would you choose?

For example, have you considered any particular style and colour theme? Would you choose a traditional kitchen with a modern, contemporary or rustic design? Have you considered the many different styles of worktops now available? What appliances would you like to include and would lighting be a major feature?

It's not always easy to simply imagine all the possibilities and that's why I have included a brochure for you to browse through. At least with a few images to look at, you can begin to imagine your very own dream kitchen, exactly as you want it. If you're beginning to feel inspired and would like to talk to someone about your kitchen, why not come along to our local Schmidt Wimbledon showroom.

### Call into our showroom for free helpful advice
