

Video script - Life

It's time...

Time to begin all over again...

Time to wake...

Time to get up and face the challenge of a brand new day...

Time to prepare for the unexpected...

I'm getting ready...

Getting ready for all that comes my way...

This is going to be my day...

My day... my way...

Let's go...

I'm running... I'm running because I can...

It's my choice... it's what I want to do...

There's no one behind me and there's no one in front of me...

I'm not following anyone and no one is pushing me...

Except myself... I need to push myself...

Push to the limit...

Because I need to feel... feel alive...

I am alive...

I need to be alive to have... fun...

I want to have fun... be myself...

I want to live... be me... have fun...

And why shouldn't I?

Why shouldn't you?

What's the point... if you can't enjoy life... and have fun?

I just want to be happy... in life

I want everyone to be happy...

Think young... be young... stay young... be happy... have fun...

It's what life is about...

My life... your life...

Today... tomorrow... always.
