(Shout) Taxi!...

Is it true that your competition are getting many more bookings and making a lot more money?

Do you have drivers idly sitting around waiting for a fare?

Is your phone ringing off the hook... every single day?

When the phone rings the till rings, which is fine on the weekends because that's when all the taxi companies are busy.

But what about the rest of the time?

Right now your competitor's could be flat out collecting fares, while you guys are... killing time in traffic... playing cards... playing with your smart phones...playing with your... well you get the message.

Time is of the essence, time is money and time is irreplaceable.

You need to keep those wheels turning and keep those back seats warm if you want to get the most out of your drivers' time on the road.

But just how do you keep your business running at full capacity... and maximise your profit potential?

Just how do you get an edge over everyone else in the business?

The answer is simple...

Get a custom app!

That's right!

We can design a fully customised mobile application to ensure your customers always call you for all their taxi requirements... instead of your competitors.

The app will free to download for all your new and existing clients...

It's a one-touch application so no more hunting for taxi firm phone numbers.

Your very own app will not only be convenient to use... it will build total customer loyalty.

What's more, your custom app will let you see what your competitors are charging so you can always stay one step ahead.

So, want to get your fleet in on the action?

Want to keep everyone busy?

Want to make a lot more money and keep your customers coming back over and over?

With more than 30 million smart phones in use in UK right now and millions more coming online in the next 12 months... you know it makes sense!

So don't miss out on this unique opportunity to get your business running at full capacity... today and every day.
